

Purchase Order Terms and Conditions

1. **ACCEPTANCE OF CONTRACT: MINO Automation USA, Inc.**, hereinafter referred to, as “Buyer” shall not be bound by an order until Supplier executes and returns to Buyer an acknowledgement of a Purchase Order. Supplier shall be bound by this order and its terms and conditions when it executes and returns an acknowledgement copy when it otherwise indicates its acceptance of this order or when it delivers to Buyer any of the goods herein or renders for Buyer any of the services ordered herein. This order expressly limits acceptance to the terms and conditions stated herein, and any additional or different terms proposed by the Supplier are rejected unless expressly assented to in writing by Buyer.
2. **AMENDMENTS:** The parties agree that a purchase order, including, the terms and conditions hereof together with any documents attached hereto or incorporated herein by reference, contains the complete and final contract between Buyer and Supplier, that no agreement or understanding to modify this contract shall be binding upon Buyer unless in writing and signed by Buyer’s authorized representatives. All specifications, drawings, and data submitted to Supplier with this order or referred to by this order are hereby incorporated herein and made a part of this order.
3. **PRICING, TAXES:** (a) The price for goods will be the amount shown on the face hereof and includes all charges related to preparation for and actual manufacture/service and/or delivery of the goods, except as otherwise expressly set forth herein or agreed in writing by Buyer, and any taxes or duties imposed on Supplier and required by law to be paid by Supplier. (b) The price herein specified for the goods will not exceed the price set forth in any applicable purchasing agreement between the parties, if any, and/or that Supplier offers or has agreed, on the date of shipment hereunder, to sell the same or like goods to another person on terms and conditions substantially similar to those set forth herein. (c) Buyer is a manufacturer or producer of goods for resale in each state in which it engages in such operations and, therefore, is exempt from sales and use taxes in respect of goods procured for resale. Buyer will furnish to Supplier any exemption certificate or other document required to exempt Buyer’s purchase of goods hereunder from sales and use taxes. (d) If Supplier is required by law to collect any taxes or duties from Buyer, Supplier will show each such item and the amount thereof separately on the applicable invoice.
4. **INVOICES, PAYMENT:** (a) Supplier will provide to Buyer at the location shown on the face of this order an invoice for each separate shipment. Each invoice will include all information required by other provisions of this order, including item number and purchase order number. (b) Buyer will pay to Supplier the purchase price of goods and other charges shown in the applicable invoice in full and without reduction within the timeframe for payment shown on the face hereof. Supplier will not submit an invoice for goods before delivery at the designated location unless progressive payments exist. (c) The preceding subsection notwithstanding, if Buyer disputes the amount of any invoice, Buyer may deduct the amount in dispute, and additionally, Buyer may deduct from and set off against any amount due or to become due to Supplier hereunder any amount which Supplier owes to Buyer under this order or otherwise.
5. **AMENDMENTS:** The Buyer reserves the right at any time to make written changes to any one or more of the following (a) Specifications, Drawings, and data incorporated in this contract where the items to be furnished are to be specially manufactured for the Buyer, (b) Methods of shipment or packing, (c) Place of delivery, (d) Time of delivery, (e) Manner of delivery and (f) Quantities. If any such change causes an increase or decrease in the cost of or the time required for performance of this contract, an equitable adjustment shall be made in the contract price or delivery schedule, or both. Any claim by Supplier for adjustment under this clause must be approved by the Buyer in writing before the Supplier proceeds with such change. Price increases shall not be binding on Buyer unless evidenced by a purchase order change notice or revision issued and signed by

Buyer.

6. **DELIVERY:** Time is of the essence in this contract, and if delivery of goods is not made in the quantities and at the times specified, or rendering of services is not completed at the times specified, Buyer reserves the right without liability and in addition to its other rights and remedies, to take either or both of the following actions:
 - (a) direct expedited routings of goods (the difference in cost between the expedited routing and the order routing costs shall be paid by Supplier); (b) terminate this contract by notice effective when received by Supplier as to stated goods not yet shipped or services not yet rendered, and to purchase substituted goods or services elsewhere and charge Supplier with any loss incurred. Supplier shall be liable for excess transportation charges, delays or claims resulting from Supplier's deviation from Buyer's routing instructions. Neither party shall be liable for excess costs of deliveries or defaults due to causes beyond its control and without its fault or negligence, provided, however, that when the Supplier has reason to believe that deliveries will not be made as scheduled, written notice setting forth the cause of the anticipated delay will be given immediately to Buyer. If Supplier's delay or default is caused by the delay or default of a subcontractor, such delay or default shall be excusable only if it arose out of causes beyond the control of both Supplier and subcontractor and without the fault or negligence of either of them and the goods to be furnished or services to be rendered were not obtainable from other sources in sufficient time to permit Supplier to meet the required delivery or performance schedule. Buyer will have no liability for payment for goods delivered to Buyer which are in excess of quantities specified in this contract and delivery schedules. Such goods shall be subject to rejection and return at Supplier's expense including transportation charges both ways. Buyer will not be liable for any material or production costs incurred in excess of the amount or in advance of the time necessary to meet Buyer's delivery of schedules.
7. **INSPECTION AND ACCEPTANCE:** Payment for any goods under this contract shall not constitute acceptance thereof. All goods purchased hereunder are subject to inspection at Buyer's destination either before or after payment or before or after acceptance at Buyer's option. Buyer reserves the right to reject and refuse acceptance of goods which are not in accordance with the instructions, specifications, drawings and data or Supplier's warranties (expressed or implied). Goods not accepted will be returned to Supplier for full credit or replacement at Buyer's option and at Supplier's risk and expense, including transportation charges both ways. No replacement of rejected goods shall be made unless specified by Buyer in writing. Buyer shall not be liable for failure to accept any part of the goods if such failure is the result of any cause beyond the control of Buyer. Among such cases, but not definitive thereof, are fires, floods, acts of God, strikes, differences with employees, casualties, delays in transportation, shortages of cars, inability to obtain necessary materials or machinery or total or partial shutdown of Buyer's plant for any cause. Acceptance of any part of the goods shall not bind Buyer to accept future shipments, nor deprive it of the right to return goods already accepted. Acceptance of all or any part of the goods shall not be deemed to be a waiver of Buyer's right either to cancel or to return all or any portion of the goods because of failure to conform to this contract, or by means of defects, latent or patent, or other breach of warranty, or to make any claim for damages including manufacturing costs, damage to materials or articles caused by improper boxing, crating or packing, and loss of profits or other special damages occasioned the Buyer. Such rights shall be in addition to any other remedies provided by law.
8. **PACKING, DRAYAGE AND CONTAINERS:** No charges for packing, drayage, or containers will be allowed unless specified or the face of this order, or specifically listed as an additional and separate charge on Supplier's quotation and acceptance of this order. Supplier shall be liable for damage to materials or articles described herein caused by improper boxing, crating or packing.
9. **SUPPLIER'S WARRANTIES:** Supplier hereby warrants that the whole of the goods furnished hereunder shall be

merchantable and fit for Buyer's purposes and that they shall conform with Buyer's instructions, specifications, drawings and data. Supplier hereby further warrants that the whole of the goods furnished hereunder shall conform to all representations, affirmations, promises, descriptions, samples or models forming the basis of this contract. In addition, Supplier represents and warrants that title to the goods will pass to Buyer free and clear of any claim or lien of any third person asserting through or against Supplier. Supplier agrees that these warranties shall survive acceptance of the goods. Said warranties shall be in addition to any warranties of additional scope given by Supplier to Buyer. None of said warranties and no other implied or express warranties shall be deemed disclaimed or excluded unless evidenced by a purchase order change notice or revision issued and signed by Buyer.

10. **PROPERTY OF BUYER:** Unless otherwise provided in this order or agreed to in writing, property of every description including, but not limited to all tooling, tools equipment and material furnished or made available to Supplier, title to which is in Buyer and any replacement thereof shall be and remain the property of Buyer. Property other than material shall not be modified without the written consent of the Buyer. Such property shall be plainly marked or otherwise adequately identified by Supplier as "Property of Mino Automation USA, Inc.", and shall be safely stored separately and apart from Supplier's property. Supplier shall not use such property except for performance of work hereunder or as authorized in writing by Buyer. Such property while in Supplier's possession or control shall be kept in good condition, shall be held at Supplier's risk, and shall be kept insured by Supplier, at its expense, in an amount equal to the replacement cost with loss payable to Buyer. To the extent such property is not material consumed in the performance of the order, it shall be subject to inspection and removal by Buyer and Buyer shall have the right of entry for such purpose without any additional liability whatsoever to Supplier. As and when directed by Buyer, Supplier shall disclose the location of such property and/or prepare it for shipment and ship it to Buyer in as good condition as originally received by Supplier, reasonable wear and tear accepted.
